

RMX508 DFX

500 Watt Powered Cabinet Mixer with Effects

Portable, 24-bit Alesis DSP, EQ and 500 Watts of
Pure Power for Any Gig

The EMPIRE RMX508DFX is a 500W powered cabinet mixer with effects and EQ and is part of the EMPIRE RMX cabinet mixer line which includes the RMX2408DFX (2000W), RMX1508DFX (1500W), and RMX1008DFX (1000W) models.

The RMX508DFX includes everything you need to tackle virtually any live performance. It starts with an ultra-clean 500 watts of Class D power to drive your speakers of choice. Class D amplification makes the RMX508DFX not only powerful but incredibly light compared to other solutions so you won't break your back bringing it to the venue. Running the RMX508DFX in stereo will deliver a continuous 2 x 250W at 4-ohms of pure, clean power.

We didn't stop at just delivering clean power for this affordable cabinet mixer. The RMX508DFX also features an incredibly useful array of tools that can make your events world-class. RMX508DFX includes 18 total inputs including 8 XLR jacks with phantom power, 8 Line jacks and stereo RCA. This means that whether you're plugging in guitars, mics, keyboards or even an iPod for playback between sets, you're covered with the RMX508DFX .
